

Philadelphia Continuum of Care 2017 Housing Inventory Chart

The accompanying tables reflect the complete inventory, as of January 31, 2017, of Emergency, Transitional, Safe Haven, Permanent Supportive, and Rapid Re-housing Programs within the Philadelphia Continuum of Care.

Key: Project Type

Emergency Housing (ES): Any facility that has the primary purpose to provide temporary shelter for persons experiencing homelessness.

Transitional Housing (TH): Is one type of supportive housing used to facilitate the movement of homeless individuals and families to permanent housing. It is housing in which homeless persons may live up to 24 months and receive supportive services that enable them to live more independently. The supportive services may be provided by the organization managing the housing or provided by other public or private agencies.

Safe Haven (SH): Serves hard-to-reach homeless persons who have severe mental illness, are on the streets and have been unable or unwilling to participate in supportive services. The program provides 24-hour residence for an unspecified duration. Safe Havens do not require participation in services and referrals as a condition of occupancy. Rather, it is hoped that after a period of stabilization in a safe haven, the resident will be more willing to participate in services and referrals and will eventually be ready to move to more traditional form of housing.

Permanent Supportive Housing (PSH): Long-term (not time-limited) housing in which supportive services are provided to assist homeless persons with a disability to live independently. At least one adult or child in the household must have a disability to qualify for permanent supportive housing.

Other Permanent Housing (OPH): Long-term (not time-limited) housing in which supportive services are provided to assist homeless persons to live independently. Having a disability is **not** an eligibility requirement for PH.

Rapid Re-Housing (RRH): Rapidly rehouses persons who are homeless into private market housing. Provides rental assistance and supportive services on a time-limited basis.

KEY: Inventory type

C: Current Inventory - Beds that were available for occupancy on or before January 31, 2016.

N: New Inventory - Beds that became available for occupancy between February 1, 2016 and January 31, 2017.

U: Under development - Beds that are fully funded but were not available for occupancy as of January 31, 2017.

KEY: Target Population A

CO: Couples only, no children

HC: Households with children

SF: Single Females

SFHC: Single Females and Households with children

SM: Single Males

SMHC: Single Males and Households with children

SMF: Single Males and Females

SMF + HC: Single Males and Females plus Households with children

YF: Unaccompanied Youth Females (under 25 years old)

YM: Unaccompanied Youth Males (under 25 years old)

YMF: Unaccompanied Youth Males and Females (under 25 years old)

KEY: Target Population B

DV: Program serves Domestic Violence Victims only

HIV: Program serves HIV/AIDS populations only

VET: Program serves Veteran Households only

Youth: Program serves Unaccompanied and/or Parenting Youth (under 25 years old) only

Key: McKinney - Vento Funding

Yes: Program receives any HUD McKinney-Vento Act funding, including Emergency Solutions Grants (ESG), Supportive Housing Program (SHP), Shelter Plus Care (SPC), Continuum of Care (CoC), and Section 8 Moderate Rehab Single-Room Occupancy (SRO)

KEY: Bed Type

Units HH w/ Children: Units designated for Households with at least one adult and one child under the age of 18

Beds HH w/ Children: Beds designated for Households with at least one adult and one child under the age of 18

Beds HH w/o Children: Beds designated for Households without Children

Beds HH w/only Children: Beds designated for Households composed entirely of persons under the age of 18

Youth Beds: Dedicated beds for homeless youth under 25 years old

Seasonal Beds (Emergency Housing Only): Beds available on a continuous basis during high-demand seasons of the year

Overflow Beds (Emergency Housing Only): Beds that are available temporarily and sporadically during high-demand seasons of the year

CH Beds (Permanent Supportive Housing & Summary Chart): Beds that are dedicated exclusively for chronically homeless persons as defined by HUD

HMIS Beds: A bed is considered an "HMIS Bed" if the provider is entering data into HMIS on the clients served. The Homeless Management Information System (HMIS) is a computerized data collection system that tracks services received by homeless people, helps identify gaps in services within the continuum, and allows for greater collaboration among service providers as the system provides a "history" of a homeless person's involvement in the system of care. This system is required by HUD for all continuums of care.

PIT Count: Number of persons in the program on the night of the Annual Homeless Point in Time Count (January 25, 2017).

Utilization Rate: Calculated based on the program's total bed capacity (including year-round, seasonal, and overflow beds) and the number of beds occupied on the night of the point-in-time count.
